SACRAMENTO CA 95816

This is a 12 month limited term position that may be extended pending budget approval.

Duties: Under supervision and general direction of the Fortuna Center Conservation Supervisor, the CCC Fish Habitat Assistant is responsible for assisting in the implementation of the fisheries restoration program. The Fish Habitat Assistant shall coordinate and implement fisheries restoration project activities; provide technical training to staff and corpsmembers. Evaluate fish habitat improvement projects as described in the California Salmonid Stream Habitat Restoration Manual; constructs new fish screens and fish ladders; assists in installation of fish screens in irrigation diversions; assists with the removal of undesirable fish species from waters by treatment with

The young women and men of the Corps work hard protecting and restoring California's environment and responding to disasters, becoming stronger workers, citizens and individuals through their service.

chemicals; uses, and maintains electrofishing gear, nets, seines, traps, boats, and automotive equipment; completes required reporting forms for each finished project.

Coordinate CCC crew activities with California Department of Fish and Wildlife (CDFW) regional fisheries personnel, other government agencies, private organizations, and watershed groups. Assists in planning and conducting training for CCC staff and corpsmembers in watershed and fish habitat improvement techniques and methodologies as described in the California Salmonid Stream Habitat Restoration Manual. Assist local watershed restoration groups in developing collaborative partnerships with the CDFW and CCC to accomplish habitat restoration work. Attend public meetings for fishery restoration projects; assist in the development of outreach partnerships for coho-habitat restoration projects.

Maintain equipment and CCC gear; arrange for CCC and CDFW access to private and public lands by identifying property owners and obtaining trespass permission to accomplish watershed and fish habitat improvement projects. Compile bid requests, obtain bids and coordinate acquisition of supplies and services through contract processes as needed; mentor Watershed Steward Program Members.

Who May Apply: Applicants currently at the Fish Habitat Assistant level, or those who have eligibility for appointment or transfer to this classification. Training and Development (T&D) assignments may be considered.

Please indicate RPA #16-1166 in the job title section of your State application.
